Advice Preparation and Implementation fee

Prior to the provision of personal advice we will agree upon a preferred payment option for both parties. Below is a summary of our available payment options that can be combined to pay for our services.

Where we are aware that you have used borrowed funds (i.e. funds that are either secured or unsecured) to invest through us, we will charge you a flat dollar fee.

These payment options include:

Time Based Charging

- i) The fee for the preparation and implementation of our advice is calculated based upon the time we spend developing the plan. Our hourly rate is \$275 per hour (incl. GST) with our advice preparation fee ranging from \$2,750 to a maximum of \$10,000 (incl. GST).

Price can vary depending on scope and complexity and we will provide you with an estimate of the overall cost. If extra charges apply, then we will inform you before proceeding with any work.

Service Based Charging

- ii) The fee for the preparation and implementation of our advice is calculated based upon a fixed price agreement. This fixed dollar amount will vary based upon the complexity of advice being provided and agreed upon prior to commencement. Our minimum fee for this is \$2,750 (incl. GST) up to a maximum of \$10,000 (incl. GST).

Asset Based Charging

The fee for the preparation and implementation of our advice is calculated as a percentage of the dollar amount invested or premium/brokerage amount paid. Schedule 1 (Retail insurance)

Commission Structure	Upfront Amount	Ongoing Amount
Level	Up to 33%	Up to 33%
Hybrid	Up to 85%	Up to 25%
Upfront	Up to 124%	Up to 18%
Stepped	Up to 95%	Up to 20%

If you decide not to implement our recommendations, the fee for the preparation of the Statement of Advice will be payable in full.

Supplementary service fees

For supplementary services, such as the provision of general research material or the completion of administrative tasks, our fee will be calculated on a time basis of \$275 per hour.

Ongoing service fees

Our ongoing advice fees vary depending on scope and complexity and range from \$1,650 up to \$275 per hours (incl. GST) unless otherwise agreed. The exact cost of the ongoing review service will depend on the review offering we recommend and this will be disclosed within the Total Financial Care Agreement we provide to you. Where an ongoing fee is charged, you will also be provided with a Fee Disclosure Statement (FDS) on an annual basis. This will outline the fees you have been charged as well as the qualifying services offered and received under the terms of the ongoing fee arrangement.

We will recommend what we feel is the most appropriate review package to fit your circumstances.

Should you require any additional services outside of any agreement between you and your adviser, an amount of up to \$275 per hour, may be applied.

All fees and commissions will be disclosed in your Statement of Advice. Count may also charge transaction fees in respect of particular products. These include the following:

Other Benefits - Contributions to Count (CTCs)

CTCs are a points-based rewards system primarily calculated on revenue contributed to Count. For investments placed by I A C Robertson & Co (a franchisee of Count) in approved administration platforms and retail products, CTCs are calculated based on your total balance and are allocated annually.

The following table shows the level of CTCs allocated in relation to Count's approved administration platforms and retail products, calculated per \$100,000 invested.

\$100,000 invested in the following platform	CTC Value	\$100,000 invested in the following platform	CTC Value
IOOF IPS, platform ² and wealth-e-account	500	Perpetual WealthFocus	500
IOOF Pursuit	500	Colonial First State FirstChoice	350
Star Portfolio	500	Colonial First State FirstChoice Wholesale	500
wealth-e-account Wrap Essentials	400	BlackRock Customised Portfolio	150

Each year Count sets a CTC target for our firm. If we exceed this target, we are entitled to a cash payment equivalent to 5% of our CTC total (plus GST). As a worked dollar example, if we were to assume that our firm accumulates 100,000 CTCs over the year, Count will pay us 100,000 x 5% (plus GST) = \$5,500 (GST inclusive).

We may also qualify for scale based rebates, i.e. once we have exceeded 268,000 CTCs we may qualify for cash payments starting from \$10,000 including GST.

Any amount to be paid and the method of calculating the benefit will be disclosed at the time the advice is provided.

Website Badging Fee

If we achieve at least 446,000 CTCs then we will be entitled to a waiver of our website badging fee, the value of which is approximately \$3,600 p.a.
